

ADMINISTRATIVE FUND CONTRIBUTION FORM

The NAMIC PAC Administrative Fund serves the purpose of operating and raising money for the NAMIC PAC. The funds will be used as operating and marketing expenses for programs such as the PAC Booth at convention or PAC Brochures, Get-Out-The-Vote (GOVT) efforts, independent expenditures to help candidates in targeted districts and in the past, to support both political parties.

Please support our country, our industry and keep Congress headed in the right direction by including a corporate contribution of \$109, \$250, \$500, \$1000 or more to help finance, protect and expand our pro-insurance economy in 2004. The amounts listed below are only suggestions and more, less or nothing at all. Your decision to contribute or not contribute will not benefit or disadvantage you in any way. **NAMIC suggests the following corporate contribution based on DWP:**
