

Ensuring the Industry's Future

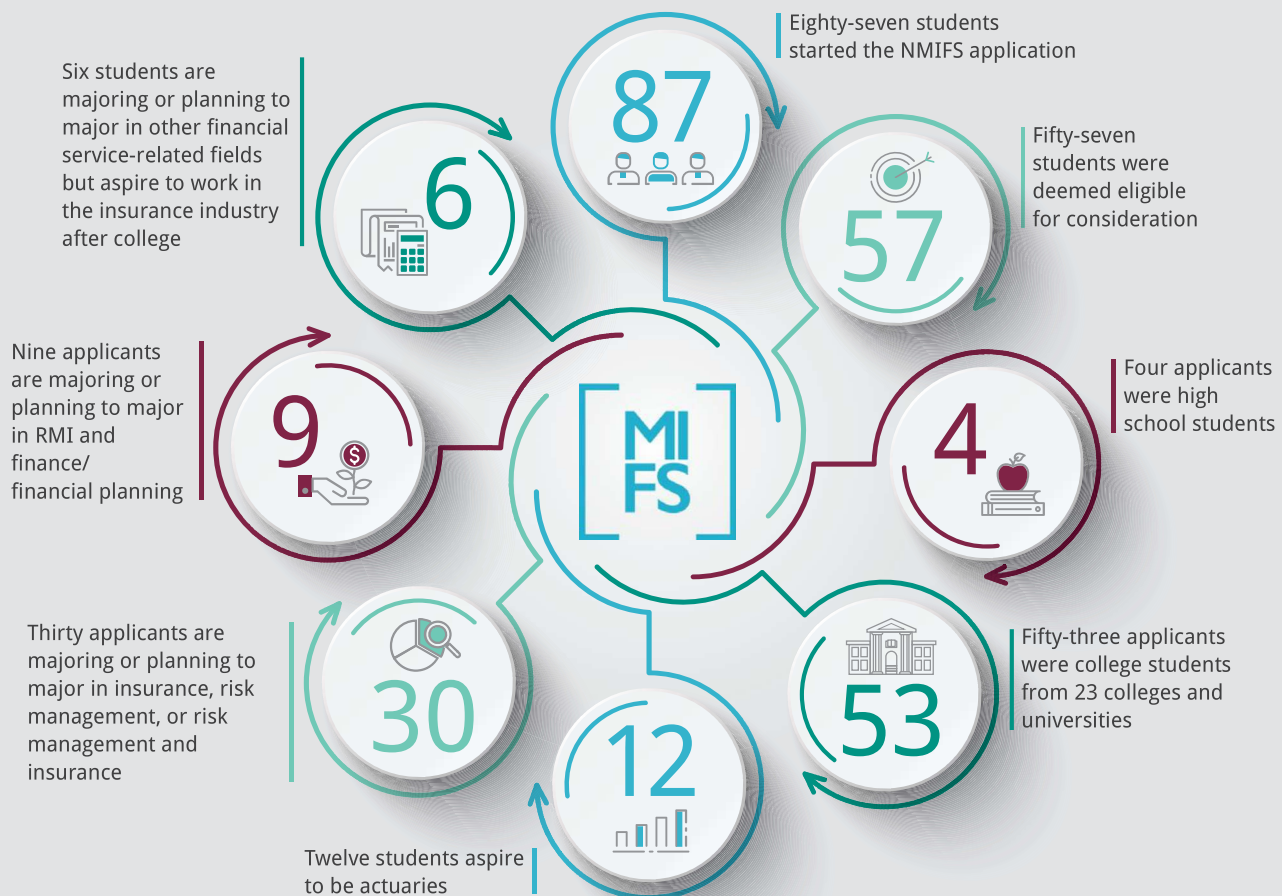

As many NAMIC members might remember from the 124th Annual Convention, the association set a goal for member companies to donate \$125,000 to the NAMIC Mutual Insurance Foundation Scholarship program as one way to celebrate the 125th anniversary and help deserving college students fund the education they need to become future insurance industry professionals. NAMIC members stepped up to the challenge, meeting the goal and exceeding it by more than \$20,000.

Fifty-seven eligible and deserving students applied, giving the selection committee a tough job in narrowing it down to the 33 who received scholarships. Congratulations to all those who were chosen, and a huge thank you to all of the corporate and individual donors who helped make it possible.

\$5,000 Scholarship Recipients

- Grace Alexander — St. John's University
