WORD FROM THE CHAIR

"IN WHAT CAN ONLY BE DESCRIBED AS A CHALLENGING YEAR, NAMIC PAC SUPPORTERS PROVED THAT EVEN IN UNCERTAIN TIMES, THEIR SUPPORT FOR THE PROPERTY/CASUALTY INSURANCE INDUSTRY IS UNWAVERING."

In what can only be described as a challenging year, NAMIC PAC supporters proved that even in uncertain times, their support for the property/casualty insurance industry is unwavering. It is my sincere pleasure to tell you that for the 13th cycle in a row, NAMIC PAC grew, raising \$1,192,351 in the 2019-2020 cycle.

I hope you will take a few minutes to look through this report and learn more about what your support has enabled us to accomplish in Washington and in state capitals across the country.

In the grip of a global pandemic, worries of a burgeoning recession, increased political activism and calls for social justice reform, federal and state lawmakers around the country continued to pursue legislative initiatives that would have had a severe impact on insurers. From proposals that would have mandated retroactive business interruption coverage for losses related to pandemics; inappropriately extended workers compensation coverage to some COVID-19 claims; and efforts to restrict risk-based pricing, there was no shortage of potentially damaging legislation over the course of 2020.

Because of the continued support from NAMIC PAC donors over the years, we have been able to utilize our resources to build strong, bi-partisan relationships with lawmakers that paid dividends in legislative victories in 2020. NAMIC was able to defeat at least 20 proposals at the state level mandating retroactive BI coverage, while also keeping any federal proposals from picking up momentum. They were also able to get a key industry initiative, the Provide Accurate Information Directly Act (PAID Act), passed into law that would not have been possible without the groundwork laid over the years by NAMIC PAC.

These victories are important to celebrate; however, it is important to keep our eyes down the road for what comes next. 2021 is sure to be full of challenges; the threat to underwriting freedom across the country has never been stronger. Meanwhile, unworkable (and in some cases unconstitutional) legislation and regulations continue to be contemplated pertaining to COVID-19 and the insurance industry, and the possibility of unfavorable corporate tax reform looms large.

NAMIC PAC is the best way to ensure our voice is heard when key legislation is being debated in Congress or State Houses – legislation that in the current environment could mean ultimate success or failure for our industry. While 2021 still holds many uncertainties, there is one thing of which I am certain; incoming PAC Chairman Dan DeLamater, President & CEO, of Southern Mutual Insurance Company (a subsidiary of Donegal group) will continue to advocate for our industry and will oversee another successful year for the PAC.

Again, thank you for your continued support – we know that each dollar represents a personal sacrifice, and we are honored that you continue to value NAMIC PAC as a worthy investment even in tough times. We could not have done it without you!

While I will no longer serve as Chair, I look forward to continuing to work hand-in-hand with you every single day to advocate for our mutual future.

Here's to 2021!

Jake Black

President & CEO
CFM Insurance Inc.
NAMIC PAC Chair 2020

2020 ELECTION CYCLE ACCOMPLISHMENTS

A global pandemic, a highly contested presidential election, and a record-breaking year of storms were the hallmark of 2020. It's a year whose chaos we are eager to forget, yet even during such difficult times, NAMIC continued the work of making the voice of our industry heard and enjoyed some notable successes.

In 2020, NAMIC advocates:

- 1 Were successful in defeating seemingly endless efforts by legislators in Washington, D.C., and in state capitols to impose a retroactive coverage mandate for viruses under business interruption coverage. Working with legislators and through multiple letters to the White House, Governors and state and local lawmakers, bills were defeated in 18 states, and the District of Columbia.
- 2 Fought pushes to expand COVID-19 workers compensation presumptions in Kentucky, New Jersey, New York, and elsewhere. The drive to expand workers compensation presumptions in response to the virus often went far beyond first responders, creating a massive new coverage for which no premium had been collected.
- 3 Secured passage and presidential signature on the PAID Act, which provides a commonsense solution to a lingering threat of needless litigation for insurers who had no way of knowing if they needed to reimburse a Medicare Advantage Plan for healthcare that should have been covered by an auto policy.
- 4 Testified before the House Financial Services Committee to speak out against legislation that would have allowed Risk Retention Groups to expand their offerings and compete directly with admitted insurers; and a few weeks later during another hearing in order to defend the property/casualty industry's use of risk-based underwriting.
- 5 Stopped a dangerous pandemic solution modeled after the TRIA program from advancing, and testified on the topic during what was a third testimony before the House Financial Services Committee in 2020, the most of any organization in Washington, and at all of the committee's hearings on insurance.
- 6 Led a joint industry advocacy effort that resulted in securing a one-year extension of the authorization of the National Flood Insurance Program, the longest extension for the NFIP in a decade.
- 7 Saw record-breaking funding to communities across the nation in order to undertake pre-disaster mitigation activities and build more resiliently, through a program created by the NAMIC- championed Disaster Recovery Reform Act.
- 8 Created a COVID-19 Resource Center developed and populated with everything from legislative and litigation updates, compliance information, member companies charitable giving and pandemic response activities, news, webinars and more.
- 9 Released seven new technical analyses of key issues that now reside in NAMIC's public policy library, where they provide timely and relevant information to the membership.

2020 ELECTION CYCLE ACCOMPLISHMENTS

Thanks to your continued efforts, we provided significant support to our allies in Congress and state legislatures.

In 2019, NAMIC:

- 1 Worked with Congress to extend the Terrorism Risk Insurance Program for seven years on a bipartisan basis with no significant changes.
- 2 Successfully led congressional oversight efforts that resulted in the Department of Treasury refusing to accept an ill-fitting international capital standard that would be harmful to NAMIC member companies and prevented the NAIC from moving forward with increased capital requirements for insurers to offset the changes in collateral requirements for foreign reinsurers necessitated by the U.S.-EU Covered Agreement.
- 3 Continued to establish NAMIC as the industry leader on the topic of automated vehicles by authoring white papers, appearing before congressional hearings held by both the House Transportation and Infrastructure and Financial Services committees, and playing a key role in helping shape the first comprehensive AV legislation.
- 4 Led efforts with House leadership to include NAMIC authored language in H.R. 1595, the SAFE Banking Act, that would provide the needed safe harbor for insurance companies engaging with legal cannabis related businesses and consumers. The measure passed the House in September 2019.
- 5 Successfully led an educational campaign to stop H.R. 3693, the Prohibit Auto Insurance Discrimination Act, from advancing out of the House Financial Services Committee, and halted several similar state measures as well. These bills essentially would have outlawed all non-driving factors from being considered in the underwriting process to the detriment of consumers and policyholders.
- 6 Led a multi-year effort in Florida to pass the assignment of benefits reform which succeeded in 2019. The measure ends the one-way attorney fee loophole on homeowners claims that has caused a drastic rise in litigation over the last decade.
- 7 Secured the repudiation of the ALI's Restatement of the Law, Liability Insurance in nine states and the National Council of Insurance Legislators. The RLLI's massive overreach into making law instead of its stated purpose to reflect the law is now transparent to legislators and courts alike, with ongoing efforts by NAMIC in 2020.

www.namic.org/pac/about | namicpac@namic.org

Contributions to NAMIC PAC are not tax deductible for federal income tax purposes. Contributions to NAMIC PAC are for political purposes. All contributions to NAMIC PAC are voluntary. You may refuse to contribute without reprisal. The proposed contribution amounts are merely suggestions; you may choose to contribute more or less or not at all. The maximum an individual may contribute is \$5,000 per calendar year. Corporate and foreign national contributions are prohibited. Federal law requires political committees to report the name, address, occupation and name of employer for each individual whose contributions aggregate in excess of \$200 in a calendar year.
